

About the “Re-evaluation of the Consistency of the Quality of Generic Drugs” project

Clopidogrel bisulfate tablet_Technical cooperation

I. Clopidogrel bisulfate tablet or (clopidogrel 75mg+ acenterine 100mg compound preparation)

1. Raw material characteristics: the raw materials produced by the original R & D manufacturer, Sanofi, are II crystals, while most of the domestic imitation are I crystals, physicochemical property differs greatly in different types of crystals. Clopidogrel bisulfate is instable under moisture and heat conditions.
2. Preparation characteristics: Sticking is the most ordinary problem during tableting such kind of preparation. The stability of preparation is the key in performance comparing to the similar products. Thus, the factors controlling such as humidity and heat should be noted. (the raw materials will be degraded to clopidogrel and isom)
3. Ways of cooperation in this project:
 - ① Technical transformation, our company provides enterprises who have already got the production approval with industrialized process in commercial quantities directly for technical cooperation.
 - ② Reciprocal cooperation, our company provides commercialized technical cooperation, binding our company's key excipients sale association.
 - ③ Reciprocal cooperation, our company provides commercialized technical support, carrying out the market cooperation of preparation project.

II. Chineway's special advantages in the "re-evaluation of the consistency of the quality of generic drugs":

- 1, Foreign literature, patents, research of original products;
- 2, Establishment and analysis of the results of in vitro dissolution methods;
- 3, Help customers complete the initial pre-formulation (help you complete "Project Opening Report")
- 4, Optimize the preparation manufacturing process;
- 5, Technical transfer from lab to commercial production scale;
- 6, Technical support and trouble-shooting for the production process.

We offer you a systematic, complete solution with value-added services.
Ideas for your value!

- 1, Our technical manager are experts who have worked for many years in well-known pharmaceutical companies;
- 2, We have foreign experts to provide technology database;
- 3, Well-known professors of Shanghai Institute of Pharmaceutical Industry can provide us professional and technical guidance;
- 4, We have more than 30 international pharmaceutical excipient suppliers, and we have a systematic international experience in the application of high-quality pharmaceutical excipients;
- 5, Combination of products and technical services to provide you with "one-stop" service.

We turn your formulation problems into solutions. Save yourself the surprises when
You're looking for a partner. Come straight to us.
