

## **Chineway Joins IPEC-CHINA Association**

### **Company News\_Dec.1st, 2009**

Shanghai Chineway Pharmaceutical Technology Co.,Ltd becomes the member of IPEC-China from Dec.1<sup>st</sup>,2009.

IPEC is the joint committee of four independent regional industrial associations whose headquarter is located in the U.S.A (IPEC Americas), Europe (IPEC Europe), Japan (JPEC) and China (IPEC-China). The plan that increasing related divides in India and Brazil is in embryo. Every association focuses on the application of the locally applicative law, regulation, science and Business management to realize the member corporations' goals. Each association cooperates harmoniously in the fields of pharmaceutical excipients related safety and public health, international trade and monographs of the European Pharmacopoeia. More than 300 national and international pharmaceutical manufacturers, excipient operators and drug manufacturers joined one or more IPEC regional associations. As the new member of IPEC, IPEC-China registered in Hongkong as a non-profit organization in 21<sup>st</sup> July, 2008. On behalf of pharmaceutical manufacturers, consumers and agencies' benefits in China, IPEC-China will develop a series of technical instructions and standards to improve pharmaceutical excipient quality, standard and safety.

Shanghai Chineway Pharmaceutical will actively continue importing best quality raw materials and services as the bond and bridge between China Pharmaceutical consumers and international high-quality manufacturers, and provide a series of comprehensive technical services, covering each step from IDL registration, prescription screening design, and commercial production to supply chain management. We will actively join and meet various challenges to serve China pharmaceutical industry better.
