

# Invitation Letter

Preparation quality & quality consistency evaluation and advanced pharmaceutical excipients.

## **Chineway Technical Seminar Invitation Letter** **23 October 2014 (Thursday) Beijing**

### **<The preparation competence is essentially the competence of excipients >**

Shanghai Chineway Pharmaceutical Technology Co., Ltd. is specialized in importing high-quality pharmaceutical excipients and becomes one of the global top partners who cooperate with most leading international manufacturers. To respond to your constant pursuit for remarkable quality and enable you to acquire the technical application of international first-class products, Shanghai Chineway particularly brings along the unique products from the leading manufacturers such as **Germany Evonik, America Rhomhaas, Japan Fuji Chemical, Taiwan Yung Zip, Taiwan Standard Chemical** to hold “**2014 Chineway Technical Seminar\_Beijing**” which focuses on the application of their representative products in pharmaceutical field. Thus, we sincerely invite researchers, production technicians and those who are concerned in your company to attend the seminar. **(Conference is for free, please manage accommodation fee by yourselves. And seats are limited, please make reservation in advance.)**

### **Topic 1: Japan Fuji Chemical—Unique functional filler technology;**

To meet strict demands of the highest standard drugs and nutrition globally, Fuji Chemical developed global patent technology and launched unique excipients which greatly exceed general specifications. Strong absorbability, high flowability and super oil absorption showed the perfect specification of Fujicalin calcium phosphate dibasic anhydrous as high-performance filler; The launch of F-Melt, a high-Performance rapidly disintegrating preparation direct compression compound excipients, manifested Fuji Chemical's unique spray drying technology during excipients preparation. Regarding technical problems like small scale, and insolubility and oily drugs, Japan Fuji Chemical will bring about the new excipient Neusilin solid dispersion as the best carrier and analyze its application.

### **Topic 2: Taiwan Ying Zip Chemical—Different super disintegrant, sodium starch glycolate and lubricant's effects on disintegration.**

**2.1\_Super disintegrant\_** systematic analysis of sodium starch glycolate **DST** and introduction of attribute application, do you really know this familiar disintegrant well? DST will bring you more than disintegration...

**2.2\_Super lubricant sodium stearyl fumarate S96** and disintegrant compatibility with its effect on dissolution.

### **Topic 4: The application and solutions of Amberlite ion exchange resin in new-type preparation.**

How to prepare “oral instant film agent” with ion exchange resin? How to deal with the unendurable bitterness?

### **Topic 4: The application of Eudragit resin in oral solid preparation and solutions in coating process.**

Eudragit resin product series from Germany Evonik, united “Generics quality consistency evaluation program” under Chinese pharmaceutical industry environment. Mr. Hailin Han from Evonik will deeply share how to prepare generics (prazole) with 4 consistent stripping curves through actual cases. Meanwhile, you can share more about the application and dissolution of Eudragit resin in the field of taste masking methods.....

**Ideas for your Value!**

## Agenda:

Time	Content	Duration( min)	Speaker
09:00–09:10	Welcome Speech & Brief introduction of Shanghai Chineway Pharmaceutical Technology Co.,Ltd	10	Icy Zhao
09:10–10:05	The application of Japan Fuji Chemical special functional product in pharmaceutical _ Fujicalin, F-Melt, Neusilin	55	Mike WU
10:05–10:10		5	
10:10–10:25	Tea break	15	--
10:25–11:10	The introduction and application of super-disintegrant DST & sodium stearyl fumarate S96 (Lubricant's effect on disintegration)	45	Mike WU
11:10–12:00	New-type preparation and solutions based on ion exchange resin	50	Mingzhou Wang_ Technical Director
12:00–13:30	Lunch	90	
13:30–13:35	Chineway website sharing: <a href="http://www.chineway.com.cn">www.chineway.com.cn</a>	5	Icy Zhao
13:35–14:15	The industrial application of Aerosil & Aeroperl	40	Hongtao Zhang_
14:15–14:20	Discussion	5	Technical Director
14:20–14:35	Tea break	15	--
14:35–15:35	The application of Eudragit acrylic resin in oral solid preparation	60	Guichen Zhou_ Technical Manager
15:35–16:15	Eudragit's problems and solutions in the coating process	40	Hailin Han_ Technical Director
16:15–16:40	Interactive discussion, Individual discussion	25	Chineway

**This seminar is jointly held by Shanghai Chineway Pharmaceutical Technology Co.,Ltd and the following cooperative partners. Wish the seminar a great success!**

**Germany Evonik & America Rhomhaas**

**Fuji & YungZip & Standard**

**Shanghai Chineway Pharmaceutical Technology Co.,Ltd Host**

Sherry Fang: General Manager

Felix Chan: Global Business Director

Icy Zhao: Vice Sales Director

Mike Wu: Technical Manager

**Germany Evonik (Co-organizer)**

Hailin Han: Technical Director, China (Health and Medicine Business Dept.)

Guichen Zhou: Technical Manager, China (Health and Medicine Business Dept.)

Song Zhou: Sales Director (Health and Medicine Business Dept.)

Hongtao Zhang: Technical Manager, China (Inorganic Material Business Dept.)

**America Rhomhaas (DOW member)**

Mingzhou Wang: Technical Director, Process solutions

## 附件二：参会回执表\_请完成本回执以提高会议质量,感谢您的配合!

时间提醒: (签到 08:15 08:55); 会议时间: (09:00 17:00)

**Pullman 北京兴基铂尔曼饭店 ● 3 楼北京厅\_2014.10.23 星期四**

酒店地址: 北京市,亦庄经济技术开发区,荣华南路 12 号 (近:运成街)

请参会人员将此表填好后电邮给我们: 或传真: 021-6531 2660

葛 燕: [sales2@chineway.com.cn](mailto:sales2@chineway.com.cn) (Ms.Emma Ge) QQ:208 411 4080

周 雅: [sales3@chineway.com.cn](mailto:sales3@chineway.com.cn) (Ms.Joya Zhou) QQ:209 846 1552

### 参 会 人 员 名 单

单位名称					
姓 名	性别	部 门	职务/职称	手 机	电子邮件 Email
关注的议题 及需要咨询 专家的问题					
如 需 其它 帮 助 请 说 明: ( 请 注 明 联 系 方 式)					
欢 迎 致 电 咨 询:	周 雅: 138 1818 2275; 葛 燕: 138 1787 1566;				
友情提示:	<p>非本次主办城市的朋友, 请自行安排住宿和交通费用! 谢谢谅解!</p> <p>如你希望我们到你所在城市举办本议程内容,请同样完成参会名单!</p> <p>并在下栏写明您的需求! (如需我们代预定住宿,请写明!)</p> <p>请您注明职务,我们会更有针对性的讲解产品和分享经验...谢谢!!!</p>				

附件三：乘车线路及地图\_(签到时间：08:15\_08:55； 会议时间：09:00\_16:40)

**Pullman 北京兴基铂尔曼饭店 ● 3 楼北京厅\_2014.10.23 星期四**

酒店地址：北京,亦庄经济技术开发区,荣华南路（近运成街）

- 1、 轨道交通\_亦庄线 荣昌东街站 A1 出口（最佳路线）
- 2、 公交线路\_亦庄开发区枢纽中心荣昌东街站
- 3、 自驾交通\_亦庄●北京兴基铂尔曼饭店停车场

(自驾朋友,记得问我们工作人员拿免费停车券! 再次感谢您的莅临交流,谢谢!)
